

# CorHealth COVID-19 Cardiac Stakeholder Forum Meeting #2

March 26, 2020 - 8:00-9:30 am

Teleconference: (647) 951-8467 or Long Distance: 1 (844) 304 -7743

Conference ID: 986393473

# Agenda

Description	Presenter	Time
1. Welcome & Meeting Objectives <ul style="list-style-type: none"><li>Recap of March 19<sup>th</sup> meeting</li><li>COVID-19 System Planning Updates</li><li>Meeting Objective</li></ul>	Sheila Jarvis	08:00
2. Progress Updates from each COVID-19 Cardiac Groups <ul style="list-style-type: none"><li>Echocardiography</li><li>Electrophysiology</li><li>STEMI</li><li>Structural Heart (TAVI/Mitral Clip)</li><li>CAD</li><li>CHF</li></ul>	Dr. Madhu Natarajan	08:05
3. Overview of Data Related to Delays/Cancellation of Cardiac Activity	Garth Oakes	08:45
4. Question and Answer Period	All	09:00
5. Next Steps	Jana Jeffrey	09:20

# Welcome & Meeting Objectives

**SHEILA JARVIS**

# Consistent Cardiac Patient Management Across Cardiac Centres

**“Each hospital, health system, and physician should review all scheduled elective procedures with a plan to postpone or cancel electively scheduled operations, endoscopies, or other invasive procedures until such time that hospitals are able to accommodate these additional procedures.”**

**“Non-emergent activity should be reduced in a step-wise manner in order to preserve, to the greatest degree possible, access for time-sensitive care. This would include, but is not limited to:**

- Time-related disease like certain cancers, particularly if the outcome is treatment-related;
- Cardiac procedures for which there is risk of significant morbidity or mortality if delayed; and
- Non-emergent activity that will or may convert to emergent.”

**Definition and management of elective and non-emergent operations and procedures (surgery, cath lab, and outpatient clinics)**

# COVID-19-Cardiac Groups

- Non-Invasive Cardiac Diagnostics (Echo, ECG diagnostics)
- Electrophysiology Services (Devices and Ablations)
- Coronary Artery Disease (Cath, PCI, CABG), Valvular Heart Disease
- STEMI
- Structural Heart (TAVI, MC)
- Rehab
- Heart Failure
- Outpatient Clinics

# Progress Updates from each COVID-19 Cardiac Groups

**DR. MADHU NATARAJAN**

# Echocardiography

Dr. Anthony San Filippo, Dr. Howard Leong-Poi, Lianne Bach

- March 25: *Recommendations for an Ontario Approach to Provision of Hospital Echocardiography Services During COVID-19* released and posted on CorHealth website
- March 26 (TBD): *Recommendations for an Ontario Approach to Provision of Non-Hospital Echocardiography Services During COVID-19* to be released and posted on CorHealth website

# Cardiac Electrophysiology

Dr. Atul Verma

- March 20<sup>th</sup>: COVID-19 Provincial EP Meeting
- March 24<sup>th</sup>: CorHealth COVID-19 Cardiac Memo #1: Recommendations for an Ontario Approach to Managing Cardiac Electrophysiology During COVID-19
- March 25<sup>th</sup>: Available on CorHealth COVID-19 Resource Centre

Next steps:

- Update Recommendations as required based on COVID-19 status

# STEMI Care

Dr. Steven Miner, Dr. Warren Cantor, Dr. Michelle Welsford, Dr. Michel Le May, Dr. Sheldon Cheskes

- March 23<sup>rd</sup>: COVID-19 Provincial STEMI Meeting
- March 25<sup>th</sup>: CorHealth COVID-19 Cardiac Memo #3: Recommendations for an Ontario Approach to Managing STEMI during COVID-19
- March 25<sup>th</sup> : Available on CorHealth COVID-19 Resource Centre

Next steps:

- Update Recommendations as required based on COVID-19 status

# Structural Heart (TAVI/Mitral Clip)

Dr. Sam Radhakrishnan, Dr. Mark Peterson, Dr. James Velianou, Dr. Harindra Wijesundera

- March 24<sup>th</sup>: Draft document in progress

CorHealth COVID-19 Cardiac Memo # : Recommendations for and Ontario Approach to Catheter Based Structural Heart: TAVI and Mitral Valve Clip During COVID-19

Next steps:

- Finalize recommendations by March 27<sup>th</sup>
- Available on CorHealth COVID-19 Resource Centre
- Update Recommendations as required based on COVID-19 status

# Coronary Artery Disease

Dr. Chris Feindel, Dr. Eric Cohen

- Recommendations in development for programs
  - Referral community knows what services are being maintained within the context of COVID-19
  - Referrals for the purpose of wait-listing
  - Work with CorHealth on opportunities to leverage the CorHealth Registry for COVID-19 impacts

# Heart Failure

Dr. Heather Ross

- First meeting was held Wednesday, March 25 (6-7 pm) – overview of meeting
- Additional updates to share at the next meeting.

# Rehab

- Opportunities to leverage Rehab will need to be explored
- Work to be determined

# Question and Answer Period

# Questions

- Are these meetings still helpful? How could they be more helpful?
- Are there other issues we should be considering/discussing?

# Next Steps

# Next Steps

- Next COVID-19 Cardiac Forum Meeting: Thursday, April 2, 2020; 8-9 am
- Further engagement with Cardiac Rehab stakeholders to identify opportunities to manage care during the COVID-19 crisis
