

## Let's Learn about Your Role and My Role

### Interprofessional Job Shadowing tool

Complete this tool with your interprofessional team member to learn about the role. Ensure that they in turn also complete the tool to learn about your role.

| Items for <b>both</b> providers to discuss during the interprofessional job shadowing experience.   | Notes |
|---|-------|
| What does your typical work day look like?  |       |
| Are there other added responsibilities in relation to your role that you perform that the team may not be aware of? Please describe these added duties: |       |
| What are your areas of interest with respect to your practice?  |       |
| What does your assessment involve?  |       |
| Is your current professional role typical for that role? Please explain.  |       |
| Do you feel the team fully understands what your discipline can offer? Please explain?  |       |
| What areas do you find difficult or frustrating?  |       |
